ABOUT ME

I am a motivated Computer Science student with a strong interest in software development and problem-solving. I enjoy learning new technologies and applying my knowledge through academic and personal projects. I have a good foundation in programming, data structures, and web-based technologies, and I am continuously working to improve my technical skills. I am looking forward to gaining practical experience, contributing to meaningful projects, and developing as a professional in the field of technology.

EDUCATION

SRM Institute of Science and Technology, KTR

B.Tech – Computer Science and Engineering | 2025–2029

- CGPA: 8.1 (First Year)
- Strengthening programming and problem-solving skills through coursework and projects.

Tirumala Junior College, Rajahmundry

Class XII | 2023–2025

- Achieved 93.4% in higher secondary education.
- Built a foundation in core academic subjects.

PROJECTS

ProgressGrid – Personal Habit & Progress Tracking Application | 2026

- Developed a web application to track daily habits and visualize personal progress.
- Built an interactive dashboard with daily, weekly, and monthly progress tracking.
- Technologies: HTML, CSS, JavaScript, Java, Spring Boot, MySQL
- GitHub: <https://github.com/HimasaiGandham/ProgressGrid>

MediCore – Medical Information Retrieval System | 2026

- Developed a healthcare RAG system to retrieve relevant information from medical documents.
- Implemented PDF processing, embeddings, and FAISS-based semantic search.
- Integrated Gemini to generate responses grounded in retrieved reference material.
- Technologies: Python, FAISS, Sentence Transformers, Gemini API
- GitHub: <https://github.com/HimasaiGandham/MediCore>

TECHNICAL SKILLS

- C , C++, Python, Java
- HTML, CSS, JS
- MySQL

CERTIFICATIONS

- AWS Academy Graduate – Data Engineering – Training Badge**
Amazon Web Services (AWS) | December 2025
